

How To Generate ClientID

Login to <https://mytax.hasil.gov.my/> (Live), or <https://preprod-profile.myinvois.hasil.gov.my/> (Sandbox).

1. Select the View Taxpayer Profile

2. Select ERP Tab, Click Register ERP (if not registered before)

3. Enter any name for easy reference. Select 3 years (this means the generated ClientID will be valid for 3 years).

A screenshot of the 'Add ERP System' dialog box. It contains the following fields and options: 'ERP Name' (with a placeholder 'Enter your Company Name here'), 'Client Secret expiration' (set to '3 Year'), and a checked checkbox for 'Primary ERP System'. At the bottom, there are 'Register' and 'Cancel' buttons.

4. A dialog box will show the new ClientID and Secret Key. Copy and paste them into the ERP system. Make sure to keep a copy in a safe place for future reference.
